girls who code

Lesson #2

The Makings of a Website

TODAY'S AGENDA

1. WOMEN IN TECH
2. ICEBREAKER
3. MAKE A GITHUB ACCOUNT
4. STORYBOARDING

WOMEN IN TECH SPOTLIGHT

AMALI DE ALWIS

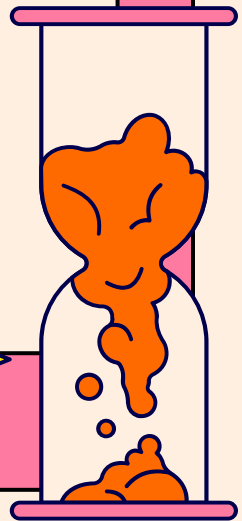

- First CEO of Code First: Girls
- Code First: Girls aims to increase the number of women in tech in order to address the gender imbalance in the technology industry.
- Code First: Girls accomplishes this by supporting individuals who identify as women or non-binary with free community coding courses and career development events.

WOMEN IN TECH SPOTLIGHT

Discuss:

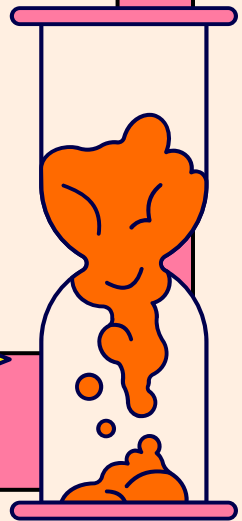

- Why do you think that there are less women pursuing STEM than men?
- In the video, Amali talks about dealing with failure. Why might it be just as important for us to fail as it is for us to succeed?
- What is something that stood out to you from the video?

ICE BREAKER

Discuss:

- What is the last movie you watched in theaters? What did you think of it?
- What's your favorite movie of all time? Why?

What is Github?

An important tool used to track, store, and modify code

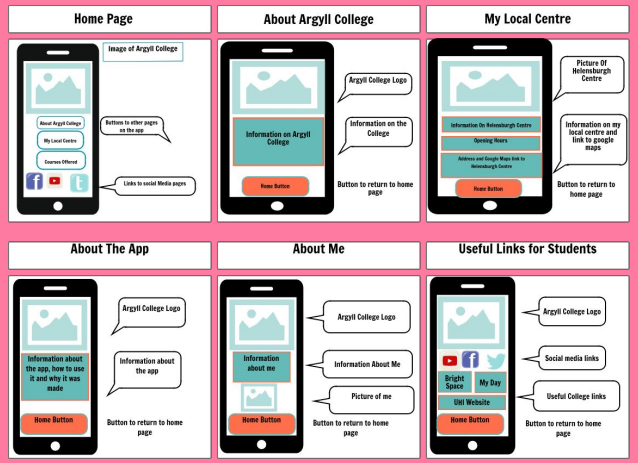

CREATE GITHUB ACCOUNT

1. Go to https://github.com
2. Click Sign Up
3. On the 'Create Your Account' Page, enter a username, your email address, and a password ** make sure to write down or remember your password somewhere **
4. Verify your account at the bottom of the page
5. Click 'create account' at the bottom
6. Skip the questions on the 'Welcome to Github' Page and scroll directly to the bottom of the page
7. Click 'complete setup'
8. Check your email for a message from github
9. Click the 'verify email address' button in the github message
10. You should be brought to a 'Get Started With Github' web page
11. Done :))

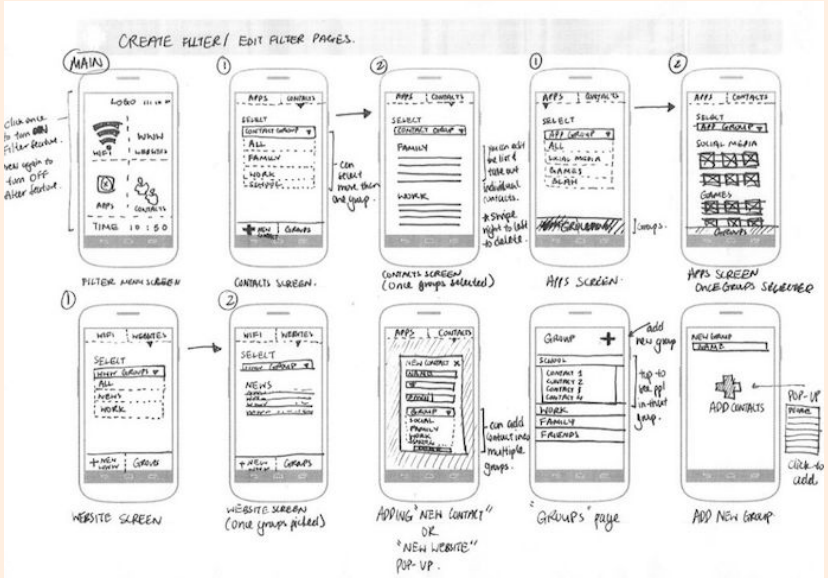

STORYBOARDING

A storyboard is a graphic organizer that plans how a "story" will play out

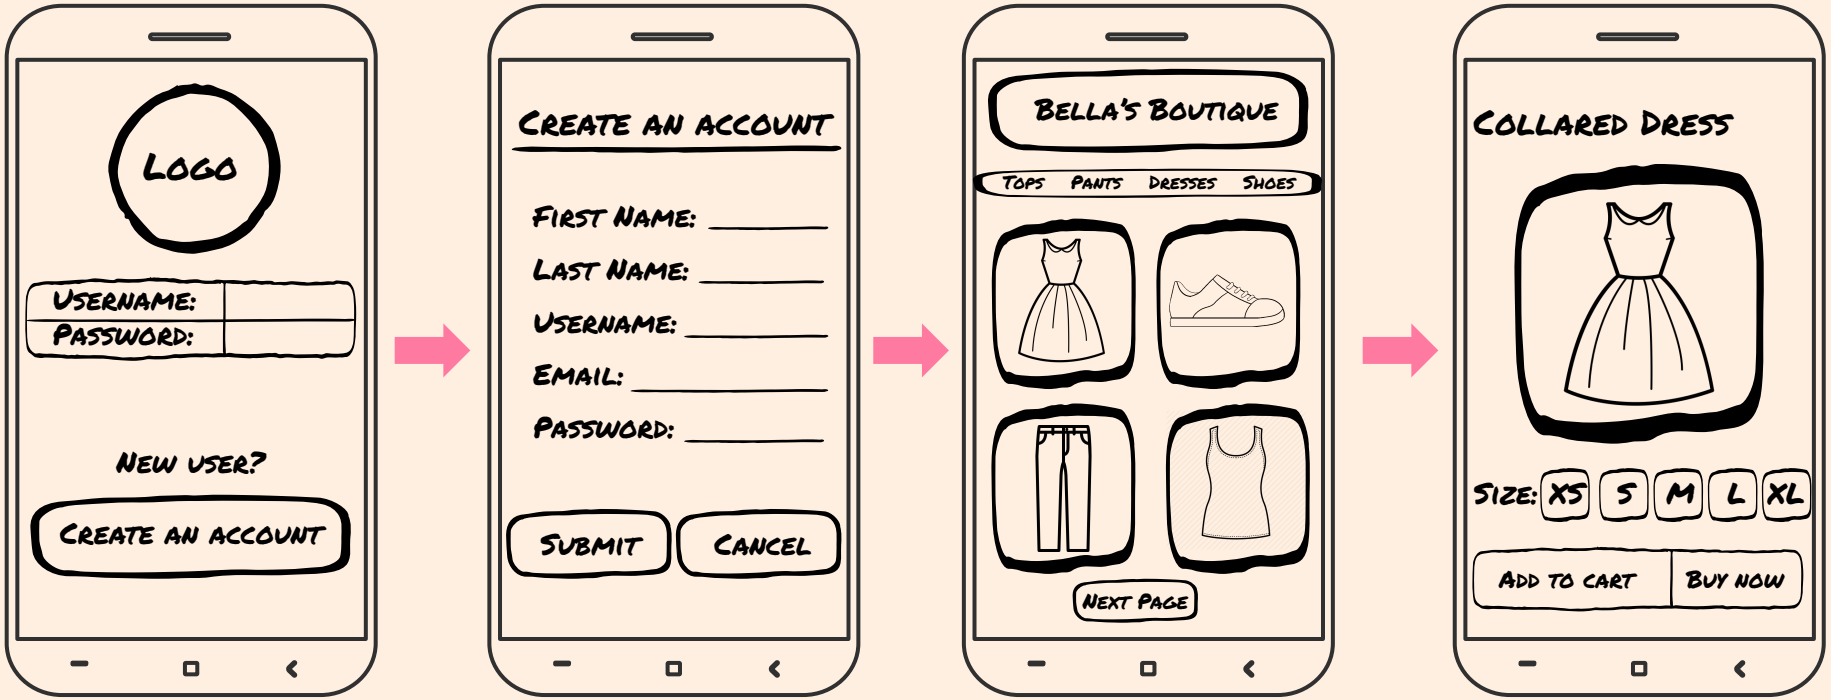

- Simple
- Chronological

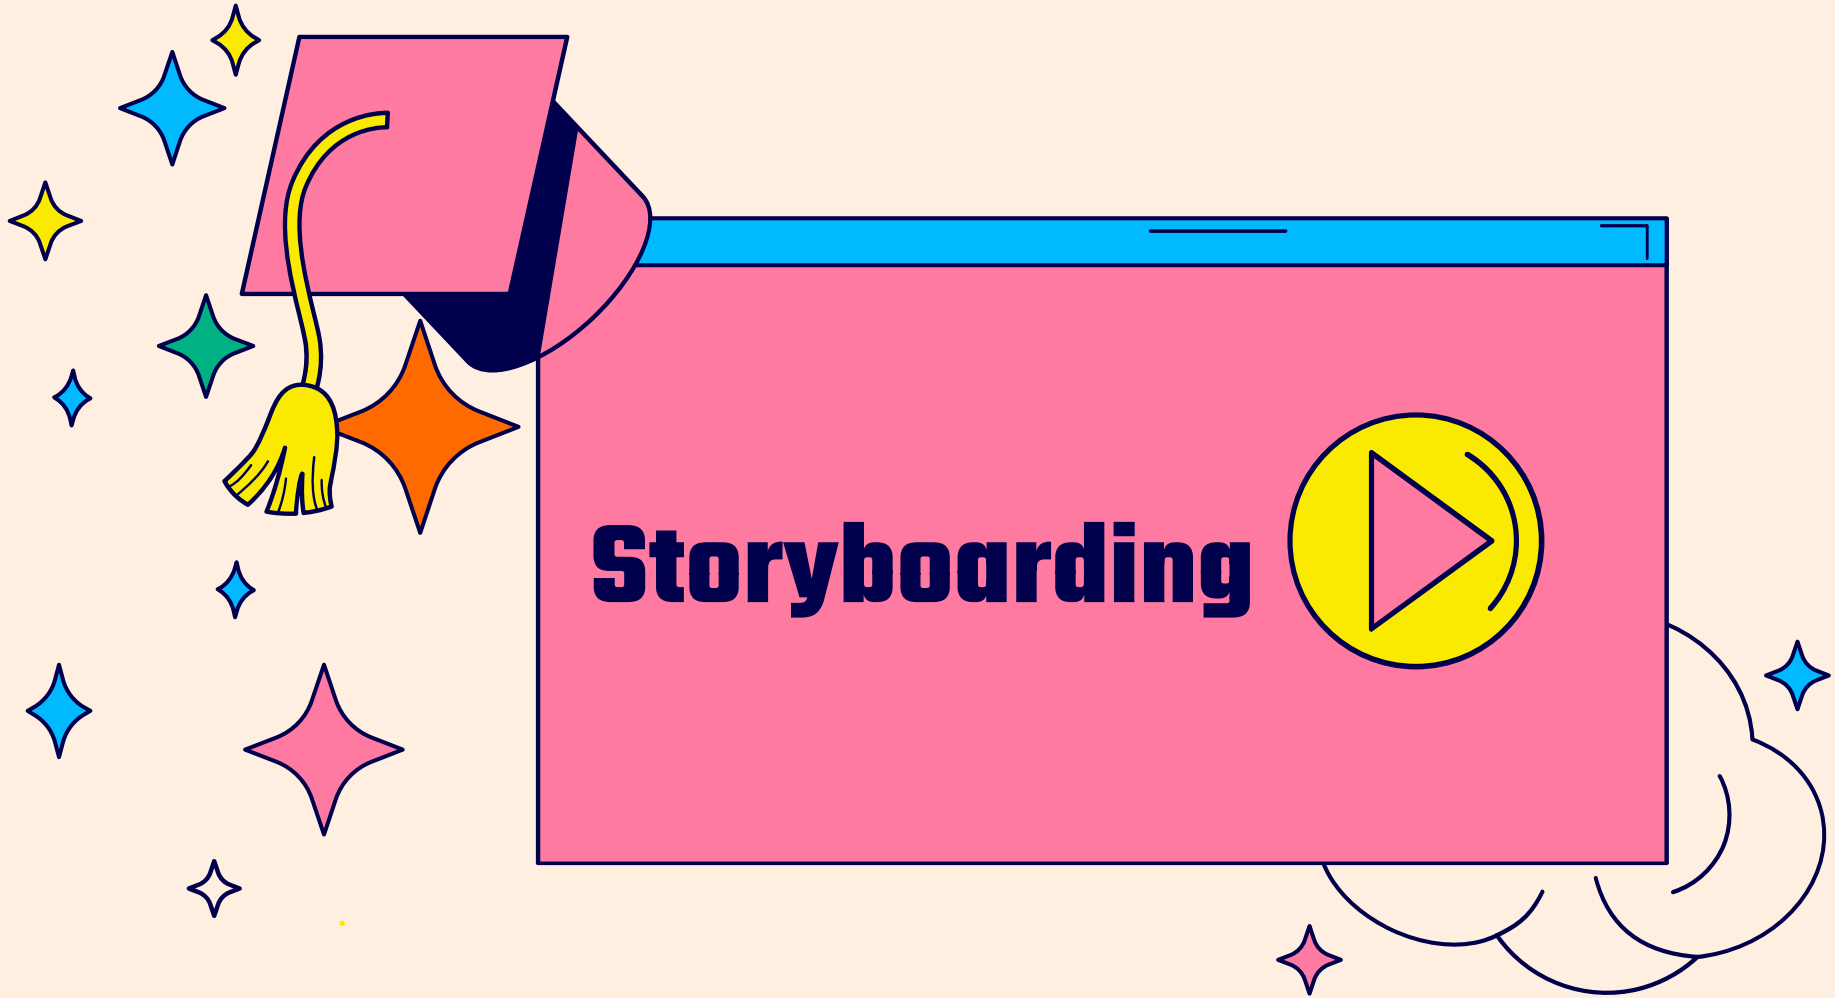

Create your own at Storyboard That

STORYBOARD EXAMPLE: Bella's Boutique

Storyboarding

THANK YOU!
